BOYS MAY DISCHARGE | VOLUNTEER ARMY WILL SMALL FIRECRACKERS SOON BE BUT HISTORY.

Acting Mayor Hornsby Modifies Mayor Wells's Order - A Warning to Parents.

Acting Mayor Hornsby has modified the egulations relating to the celebration of the Fourth of July by the small boys of the World's Fair city. He says that the discharge of small firecrackers, called squibs, ill not subject the lads to arrest.

Under no circumstances will the use of crackers and firearms be allowed. Mayor Weils's object," said Acting Mayor y, "undoubtedly was to prevent danper of loss of life and accident. Every detected discharging cannon crack-using firearms will be arrested and

Permits will be issued by Private Secre-tary McConkey to shoot sky rockets and other fireworks, but the permits expressly state that cannon crackers and firearms are positively forbidden. These permits are is-used only to adults. About 200 were given

to applicants yesterday.

The police will be instructed to arrest all persons disobeying the ordinances. The purpose in issuing special permits is to place the responsibility on parents and guardians, and the city authorities are resolved to compel obedience to this requirement as a prescribed by Mayor Wells. "Permits must be procured," said acting Mayor Hornsby. "It is imperative that we should make controlled to the passenger of the propose of the provides of the purpose of the p me should think of evading this respon-ity. Our sole object is to provide not accident and loss of life. Persons have not yet obtained permits should fail to do so before the Fourth."

MUCH WORK BEFORE MUNICIPAL ASSEMBLY

Adjournment Probably Will Not Be Reached for Two or Three Weeks at Least.

FOUR BILLS OF IMPORTANCE

Appropriations, Charter Amendments, Lighting and Garbage Are Subjects Demanding Attention-Other Measures.

On account of four important bills, all deading immediate attention, the Municipal Assembly probably will not be ready o adjourn for ,at least two or three weeks, and perhaps not until about August 1. In order to approve the contract for lighting public buildings, the City Council will be obliged to arrange for a special session about the middle of August.

Members of the City Council are nonommittal regarding the body's attitude oward the general appropriation bill as passed yesterday by the House of Delegates. This bill is like the Council bill, except that it does not contain the posse item. Delegates Reiss and Windmueller voted against the bill. The other delegates voted for it. It will be read this afternoon in the City Council.

The other three bills requiring prompt action are the Charter amendments bill. the bill to authorize the Board of Health to enter into a new contract for reduction of garbage, and the bill to empower the Board of Public Improvements to make a year's contract for the lighting of public buildings. The last measure will be forwarded to-day to the Municipal Assembly for first reading. or first reading.

for first reading.

The Charter amendments bill was passed by the City Council about a month ago, and was read twice in the House of Delegates. It has been in the box of the Committee on Legislation, of which Mr. Kelly is chairman, for some time. Mr. Kelly promised last week that his committee would not delay it. The bill is in printed form, having been set into type by Mr. Kelly's firm.

The garbage bill has been read twice in the City Council, and was intrusted to the Committee on Sanitary Affairs. The measure authorizes the Board of Health to make a seven-year contract for the reduc-

ure authorizes the Board of Health to make a seven-year contract for the reduction of offal. A committee of seven members of the Tenth Ward Improvement Association called on Acting Mayor Hornsby yeaterday afternoon and protested that the new contract should not be for so long a term as seven years.

This committee was composed of Police Judge Zimmermann, H. C. Koenig, Delegate Karbe, C. Brinkop, George Laintz, J. H. Belz and Ed. Rosenthal. The delegation informed Mayor Hornsby that the association hopes the Municipal Assembly will provide for a short-term contract, so that arrangements may be perfected in the interim to have the plants located beyond the city limits.

Other important bills that likely will be passed before adjournment are those intended for the correction of conditions in the License Collector's office. These bills were introduced at the request of Collector Whyte. The smoke-abatement bill and the bill to create the office of Smoke Inspector probably will be passed rapidly.

dismissed in Judge Talty's division of the Circuit Court.

In the notice of dismissal it is stated that further contest proceedings are deemed futile, in view of the recent ruling of Judge Marshall of the Supreme Court denying the right to count and compare the ballots with the poil books and registration lists.

W. M. Kinsey, one of the attorneys for George W. Parker, a defeated candidate for Mayor, who also filed a notice of contest, said yesterday that it had not been definitely determined whether the Parker contest would be dismissed at once. He said that a report had been filed with John D. Johnson, chief counsel for Mr. Parker and the question of dismissal would be brought up at a conference to be held this week.

The prescribed time for filing a notice of a motion for a new trial in the Funkhouser-Lloyd case has expired. Judge Fisse intimated yesterday that his client would drop the case.

The volunteer army was organized under authority of an act of Congress approved March 2, 1893.

On July 5, 1899, ten regiments of the twenty-five permitted were ordered to be raised at once. On July 18 two more were ordered to be recruited in the Philippines; on dered, likewise to be recruited in the islands; on August 17 ten more regiments of infantry were ordered, and on September 2 the last two regiments were ordered. These, the Forty-eighth and Forty-ninth Infantry regiments, were composed of negroes.

They were raised largely as "territorial regiments," that is, they drew on the population of vaguely defined sections of the country, so that during their entire service they have been looked on as representing certain groups of States and Territories.

The field officers, the Colonel, Lieutenant Colonel and Majors of these regiments were taken from among the commissioned officers of the army, with the exception of a few commanding officers of State volunteers of the army, with the other hand, the company officers were chosen almost wholly from the volunteers of the Spanish war.

ANNOYANCE OVER STAMP CANCELLATION

Trouble With Checks From Small Banks.

REPUBLIC SPECIAL

Washington, July 1. - John W. Yerkes, Commissioner of Internal Revenue, has been deluged with complaints about the process required for the recovery of money paid to the United States for check stamps unused and returnable. In speaking of the matter, Mr. Yerkes said:

"It is a most regrettable thing, and I have worked hard and spent a great deal of thought in trying to find out ways to make it easier for people to recover what they have spent on unused check stamps. The trouble, however, is that the thing is provided for by law, and the Treasury Department cannot override the law. complaints do not come from the large banks, however. They come from the small banks, which have \$10 or \$12 worth of unused stamps. It may seem hard to require such formality about the redemption of a 2-cent stamp, but the law cannot recognize any difference between 2 cents' worth and \$100 worth. A \$40 whisky stamp and a 2cent check stamp have to be on the same footing when the means of redeeming them are arranged.

"It may seem to you natural that you should simply take your checkbook over to your bank and leave it there, to be repassed before adjournment are those intended for the correction of conditions in the License Collector's office. VERY DULL YEAR FOR COUNTERFEITERS

Revenue Department Having Much Report Shows That the Crime Is Decreasing Everywhere Except in New York City.

> Washington, July 1.—The annual report of Chief Wilkle of the Secret Service Division, Treasury Department, submitted to Secretary Gage to-day, states that, during the twelve months ending June 30, 1901, there were placed in circulation but four new counterfeit notes, against an average of about ten for each year during the preceding ten years. Only one of these new notes was at all dangerous, the others being the product of unskilled workmanship. The total amount of counterfelt currency which came into the possession of the division during the year amounted to \$30,-056, while \$18,177 in counterfeit coin was con-

Coin counterfeiting decreased all over the country, except in New York and vicinity, where there has been a gradual increase in this class of crime, particularly cases in which genuine silver forms the basis of the imitations.

The arrests for twelve months show a to-
